

SPECIAL EDUCATION - FREE AND APPROPRIATE PUBLIC EDUCATION (M)

R 2460.8

M

A free and appropriate public education is available to all students with disabilities between the ages of three and twenty-one including students with disabilities who have been suspended or expelled from school.

Procedures regarding the provision of a free and appropriate public education to students with disabilities who are suspended or expelled are as follows:

1. R
2. Each time a student with a disability is removed from his/her current placement for disciplinary reasons, notification of the removal is provided to the case manager by the Principal or designee. (Notification must be in written format for documentation.)
 - a. Removal for at least half of the school day shall be reported via the Student Safety Data System (SSDS).
3. Each Principal or designee will ensure that a system is in place to track the number of days a student with disabilities has been removed for disciplinary reasons. Documentation will include:
 - a. Student's name;
 - b. The infraction;
 - c. Time suspended; and
 - d. The cumulative days suspended including removal for a portion of the school day which is counted proportionately.
4. When a student is suspended from transportation:
 - a. Suspension from transportation is not counted as a day of removal if the student attended school.
 - b. Suspension from transportation is counted as a day of removal if the student does not attend school.

- c. If transportation is included in the student's IEP as a required related service, the school district shall provide alternate transportation during the period of suspension from the typical means of transportation.
 - d. Suspension from transportation may be counted as a day of absence rather than a day of removal if the district made available an alternate means of transportation and the student does not attend school.
- 5. When a student with a disability participates in an in-school suspension program, the Principal or designee shall ensure that participation in the program is not considered removal when determining whether a manifestation determination must be conducted if the program provides the following:
 - a. Opportunity for the student to participate and progress in the general curriculum,
 - b. Services and modifications specified in the student's IEP,
 - c. Interaction with peers who are not disabled to the extent they would have in the current placement, and
 - d. The student is counted as present for the time spent in the in-school suspension program.
- 6. When a series of short-term removals will accumulate to more than ten school days in the year:
 - a. The Principal/Vice Principal or designee and the case manager will consult to determine whether the removals create a change of placement according to N.J.A.C. 6A:14-2.8(c)2. Written documentation of the consultation between the school administration and the case manager shall be maintained by the case manager.
 - b. If it is determined that there is no change in placement, the Principal/Vice Principal or designee, the case manager, and special education teacher will consult to determine the extent to which services are necessary to:
 - (1) Enable the student to participate and progress appropriately in the general education curriculum; and

- (2) Advance appropriately toward achieving the goals set out in the student's IEP.
 - c. Written documentation of the consultation and services provided shall be maintained in the student's file.
7. When a disabled student is removed from his/her current placement for more than ten days and the removal does not constitute a change in placement, the case manager shall convene a meeting of the IEP Team and, as necessary or required, conduct a functional behavior assessment and review the behavioral intervention plan according to N.J.A.C. 6A:14 Appendix A, Individuals with Disabilities Education Act Amendments of 2004, 20 U.S.C. §1415(k). The IEP Team shall:
 - a. Review the behavioral intervention plan and its implementation;
 - b. Determine if modifications are necessary; and
 - c. Modify the behavioral intervention plan and its implementation as appropriate. The plan will be modified to the extent necessary if at least one member of the team determines that modifications are necessary.

The case manager will document the date and the outcome of the meeting.

The documentation shall be placed in the student's file.

Procedures Regarding the Provision of a Free and Appropriate Public Education to Preschool Age Students with Disabilities

To ensure that preschoolers with disabilities who are not participating in an early intervention program have their initial IEP's in effect by their third birthday, a written request for an initial evaluation shall be forwarded to the district.

The following procedures will be followed:

1. A parent of a preschool-age student suspected of having a disability, who requests a Child Study Team (CST) evaluation by telephone, will be advised to submit a written request for an evaluation to the Preschool Coordinator or **Child Study Team Director**.
2. Upon receipt of the written request, the request shall be dated and signed by the recipient.
3. The district will respond to referrals of preschoolers according to N.J.A.C. 6A:14-3.3(e).

4. A file will be initiated for the potentially disabled preschooler:
 - a. The **Child Study Team** will convene a referral/identification meeting within twenty calendar days (excluding school holidays but not summer vacation) of the date recorded on the request;
 - b. A “Notice of Referral/Identification Meeting” will be sent to the parent(s);
 - c. The notice will contain “Parental Rights in Special Education” (PRISE) Booklet;
 - d. The meeting will be attended by the CST, including a speech language specialist, the parent(s), and a teacher who is knowledgeable about the district’s program; and
 - e. A program shall be in place no later than ninety calendar days from the date of consent.

Procedures Regarding the Provision of a Free, Appropriate Public Education to Students with Disabilities Who Are Advancing From Grade to Grade

The **Child Study Team Leader**, through in-service training, shall ensure students with disabilities who are advancing from grade to grade with the support of specially designed services, continue to be eligible when as part of a reevaluation, the IEP Team determines the student continues to require specially designed services to progress in the general education curriculum and the use of functional assessment information supports the IEP Team’s determination.

Procedures Involving Procedural Safeguards to Students Not Yet Eligible For Special Education

Disciplinary procedural safeguards will apply to students not yet eligible for special education. The parent and/or adult student may assert any of the protections of the law if the district had knowledge the student was a student with a disability before the behavior that precipitated the disciplinary action occurred.

determining the extent of the student's involvement with and use of anabolic steroids and the possible need for referral for treatment.

- (1) To make this determination, the school staff member(s) identified above may conduct a reasonable investigation, which may include interviews with the student's teachers and parents and consultation with experts in student alcohol or other drug abuse.
 - f. If results of a referral for evaluation positively determine the student's involvement with and use of anabolic steroids represents a danger to the student's health and well-being, the school staff member(s) identified in D.1.e. above who is trained to assess alcohol and other drug abuse shall initiate a referral for treatment to appropriate community agencies as defined in N.J.A.C. 6A:16-4.1(b), to out-of-State agencies licensed by the appropriate State regulatory agency for alcohol and other drug services, or to private practitioners certified by the appropriate drug and alcohol licensing board.

- (1) While waiting for a parent to take the student to the physician selected by the parent, or while the student is waiting for and receiving the medical examination by the school physician or the physician in an emergency room; and
 - (2) Provisions will be made for the appropriate care of the student while awaiting the results of the medical examination.
- g. A written report of the medical examination of the student shall be furnished to the student's parent, the Principal, and the Superintendent of Schools by the examining physician within twenty-four hours of the referral of the student for suspected alcohol or other drug use.
- (1) The school district, in cooperation with the school physician or medical professionals licensed to practice medicine or osteopathy, shall establish minimum requirements for the medical report. The minimum requirements for the examination will be periodically reviewed and updated as needed.
 - (2) The report's findings shall verify whether the student's alcohol or other drug use interferes with his or her physical and mental ability to perform in school.
- h. When the medical examination is performed by a physician other than the school physician or at the emergency room of the nearest hospital, the school district will require the parent to verify within

twenty-four hours of the notification that the student is suspected of alcohol or other drug use that a medical examination was performed in compliance with this Policy.

- (1) The verification shall include, at a minimum, the signature, printed name, address, and phone number of the examining physician, the date and time of the medical examination, and the date by which the report required in this Policy will be provided.
 - (2) Refusal or failure by a parent to comply with this requirement shall be treated as a policy violation and handled in accordance with N.J.A.C. 6A:16-4.3(d).
- i. If the written report of the medical examination is not submitted to the parent, Principal, and Superintendent within twenty-four hours of the referral of the student for suspected alcohol or other drug use, the student shall be allowed to return to school until such time as a positive determination of alcohol or other drug use is received from the examining physician, unless the student was also removed for violating the Code of Student Conduct.
 - j. If the written report of the medical examination verifies that alcohol or other drugs do not interfere with the student's physical and mental ability to perform in school, the student will be immediately returned to school.
 - k. If there is a positive determination from the medical examination, indicating the student's alcohol or other drug use interferes with his or her physical or mental ability to perform in school:
 - (1) The student will be returned as soon as possible to the care of the parent;
 - (2) Attendance at school shall not resume until a written report has been submitted to the parent, the Principal, and Superintendent from a physician licensed to practice medicine or osteopathy who has examined the student to determine whether alcohol or other drug use interferes with his or her physical or mental ability to perform in school.

 - (1) Conduct an alcohol and other drug assessment of the student and a reasonable investigation of the situation, which may include interviews with the student's teachers and parents and consultation with experts in student alcohol or other drug abuse, for the purpose of making a preliminary determination of the student's need for educational programs, supportive services, or treatment that extend beyond the general school program by virtue of the student's use of alcohol or other drugs.
 - (a) The findings of the assessment alone shall not prevent a student from attending school; and
 - (2) Cooperate with community agencies as defined in N.J.A.C. 6A:16-4.1(b) and juvenile justice officials in providing evaluation, referral, and continuity of care for alcohol or other drug abuse treatment.
- m. While the student is at home because of the medical examination or after his or her return to school, the Principal or Superintendent may recommend or require alcohol and other drug assessment of the student or evaluation by appropriately certified or licensed professionals to make a positive determination of a student's need for programs and services that extend beyond the general school program, as necessary.
 - (1) The findings of these additional evaluations alone shall not be used to prevent a student from attending school.
- n. If at any time it is determined that the student's use of alcohol or other drugs presents a danger to the student's health and well-being, an individual who holds the Educational Services Certificate with the student assistance coordinator endorsement issued by the

New Jersey State Board of Examiners or an individual who holds one of the following Educational Services Certificate endorsements: school nurse, school nurse/non-instructional, school psychologist, school counselor, school social worker, or student personnel services and is trained in alcohol and other drug abuse treatment referral shall initiate a referral for alcohol or other drug abuse treatment.

 - d. The Principal or designee shall not disclose the identity of a student who voluntarily and on his or her own initiative turned over the alcohol, other drug, or paraphernalia to a school employee, provided there is reason to believe the student was involved with the alcohol, other drug, or paraphernalia for the

purpose of personal use and not distribution activities, and further provided the student agrees to participate in an appropriate treatment or counseling program.

- (1) For the purposes of N.J.A.C. 6A:16-6.4, an admission by a student in response to questioning initiated by the Principal or teaching staff member, or following the discovery by the Principal or teaching staff member of a controlled dangerous substance, including anabolic steroids, or drug paraphernalia shall not constitute a voluntary, self-initiated request for counseling and treatment.

F. Reporting Students to Law Enforcement Agencies

1. Subject to N.J.A.C. 6A:16-6.5, any staff member who, in the course of his or her employment, has reason to believe that a student has unlawfully possessed or in any way been involved in the distribution of a controlled dangerous substance, including anabolic steroids, or drug paraphernalia shall report the matter as soon as possible to the Principal or, in the absence of the Principal, to the staff member responsible at the time of the alleged violation.

6. The Superintendent or designee may disclose to law enforcement authorities the identity of a student suspected to be under the influence of

alcohol and/or controlled dangerous substances, pursuant to N.J.A.C. 6A:16-4.3(a), or a student suspected to have used or who may be using anabolic steroids, pursuant to N.J.A.C. 6A:16-4.3(b), and who is referred for a medical examination, pursuant to N.J.A.C. 6A:16-4.3(a) or (b), as appropriate, for the purposes of providing appropriate health care for the student and for determining whether the student is under the influence of alcohol or other drugs or has been using anabolic steroids. The Superintendent or designee shall disclose to law enforcement authorities the identity of a student reasonably believed to be in possession of a controlled dangerous substance or related paraphernalia or a student reasonably believed to be involved or implicated in distribution activities regarding controlled dangerous substances.
